

Certificate of Analysis

Document:	Lfd:	Page:	Version:	Valid from:
COA Protego Puderspray EU-DE-1	S22-81	1 of 1	1	20.09.2022

Product name:				
Protego Puderspray				
Batch number:				
5170-022				
Manufacture date:			Expiry date:	
2022.08			2027.08	
Analytical Parameter:	Spezification:		Result:	Method:
Density	kg/L	0.74	conform	Intern 1
Form	white, powder		conform	sensory
Odour	chemical, oregano-like		conform	sensory
Monitoring on microbiological and chemical contamination				
The microbiological and chemical contamination level of this product is monitored through a feed safety control plan based upon risk assessment and in accordance with the respective legal requirements. Control plans include regular analysis of representative sample per product group performed by recognized laboratories.				
Legal and quality compliance				
The production of this batch/lot took place in conformity with local legal requirements and according to recognized quality standards. The product complies with the specification and is safe to use in accordance with our using recommendation.				

We certify that this batch/lot conforms to the specifications listed above. Analysis may have been rounded to significant digits in specification limits. This document was issued with great care and to the best of one's knowledge within the scope of the quality management system. However it does not release our customer from their obligation of executing proper entry-control and/or verification of quality and/or suitability of the product for the intended use. Furthermore it does not give rise to any claim on the part of third parties to which this document will be forwarded and it does not constitute a legally binding assurance of specific product properties.

This document has been produced electronically and is valid without a signature.
