## CERTIFICATE OF ANALYSIS

**Product trade name:** Selco Block

**10 kg**  
Manufacturing Date: 25.03.2020  
Expiration Date: 25.03.2022  
Batch No: 2211

|                                                                                                                                               |           |
|-----------------------------------------------------------------------------------------------------------------------------------------------|-----------|
| <b>Composition:</b> (11.4.1) Sodium Chloride, (11.1.1) Calcium Carbonate, (11.2.1) Magnesium Oxide, (11.3.1) Di Calcium Phosphate (inorganic) |           |
| <b>Quantity (%; IU- mg/kg (each kg))</b>                                                                                                      |           |
| <b>Analytical Constituents</b>                                                                                                                |           |
| Sodium (Na)                                                                                                                                   | % 37,73   |
| Calcium (Ca)                                                                                                                                  | % 1,22    |
| Magnesium (Mg)                                                                                                                                | % 1,05    |
| Phosphorus(P)                                                                                                                                 | % 0,05    |
| <b>Nutritional additives /Vitamins</b>                                                                                                        |           |
| Vitamin A (3a672a)                                                                                                                            | 10.000 IU |
| Vitamin D3 (3a671)                                                                                                                            | 2.000 IU  |
| Vitamin E (3a700)                                                                                                                             | 20 mg     |
| <b>Nutritional additives / Compound of trace elements</b>                                                                                     |           |
| Zinc (Zn) (3b603) (as Zinc Oxide)                                                                                                             | 1.702 mg  |
| Iron (Fe) (E1) (as Ferric oxide)                                                                                                              | 1.200 mg  |
| Manganese (Mn) (3b502) (as Manganese (II) oxide)                                                                                              | 650 mg    |
| Cobalt (Co) (3b305) (as Cobalt(II) sulphate, heptahydrate)                                                                                    | 85 mg     |
| Iodine (I) (3b202) (as Calcium iodate, anhydrous)                                                                                             | 50 mg     |
| Selenium (Se) (E8) (as Sodium selenite)                                                                                                       | 40 mg     |
