MONGE: A CUTTING-EDGE COMPANY MADE IN ITALY

MONGE THINKS GREEN

OUR COMMITMENT TO ENVIRONMENTAL SUSTAINABILITY

We promote policies aimed at developing a sustainable economy. We produce our own empty cans, which, like the trays, can be recycled indefinitely. 80% of the energy we consume is self-generated thanks to solar panels installed on the roofs of the plant, a cogenerator and a turbine. The heating of our production plant is self-generated by reusing warm water utilized in the production phases. More than 90% of the waste produced in our plant can be recycled. Monge's logistics fleet distributes our products over short and medium distances and consists of ecologically advanced vehicles, including those powered by liquefied natural gas. For us, the love for animals goes hand in hand with environmental protection.

INNOVATIVE TECHNOLOGIES AND BIG NUMBERS

- > 170.000 TONS DRY FOOD
- > 180.000 TONS WET FOOD
- > 14 PACKAGING LINES
- > 3 EXTRUDERS
- > 7.200 m² AUTOMATIC WAREHOUSE
- > WENGER+ BUHLER TECHNOLOGY
- > 80% SELF-GENERATED ELECTRICITY

Monge & C. S.p.A.'s certifications:

MONGE IS THE MOST IMPORTANT ITALIAN MANUFACTURER OF PET FOOD FOR DOGS AND CATS.

The headquarters in Monasterolo di Savigliano, in the province of Cuneo, house all departments: production, analysis, quality, R&D, logistics, marketing and management. The strategic vision of the Monge Family and the commitment of all its employees guarantee the highest quality of all products.

The most innovative dry food plant in Europe, state-of-the-art production and packaging lines and an automatic warehouse ensure the best technology in the production process.

The company devotes time and resources in finding innovative, natural and cruelty-free solutions for the development of its products, formulated to support the well-being of our dogs and cats.

The internal R&D department develops the formulations of the recipes to obtain healthy, balanced and complete foods for cats and dogs. Monge selects the best ingredients in order to develop products which provide all essential nutrients. The result is an ideal diet for the daily well-being of our four-legged friends.

MONGE, the Italian pet food family since 1963

Il fondatore Baldassarre Monge

Monge was born in 1963 when Baldassarre Monge understood the importance of offering our pets a complete and balanced diet to meet their nutritional needs.

Then, as now, the Monge family is engaged to ensure the highest product quality and safety for the well-being of our four-legged friends. Meeting the nutritional needs of our animals does not only mean to keep them fit and healthy: it means much more!

Cuddling with them, spending time together and seeing them grow; the most important thing is what we give them: our love.

"Trust us, trust the love
we have for them!"

2 FOR ADULT CATS AND
1 FOR STERILIZED CATS.

12 WET PRODUCTS:
6 POUCHES AND 6 ALUTRAYS.

MADE IN ITALY

FOLLOW THEIR INSTINCTS

Cats possess an innate desire to run, wander and stay outdoors. These natural impulses have led us to develop a line of foods that can provide energy and essential nutrients to allow our animals to live according to their natural instinct.

In the innovative line **BWILD "Feed the instinct"** you can find your animal's natural wellness.

The high percentage of ingredients of animal origin - greater than 65% - promotes vitality and optimal palatability to every recipe. Fresh meat promotes protein digestibility and, when combined with animal fats, helps concentrate energy density and support optimal performance during sports and/or work activities. The presence of omega-3 fatty acids, including through the use of salmon oil and linseeds, provides a shiny and healthy skin and coat.

The ingredients of animal origin have been combined with different mixes of fruits and vegetables, vegetable fiber sources, useful to regulate the intestinal transit and to bring a greater variety of taste.

LOW GRAIN

BWild
FEED THE INSTINCT

The result of **Made in Italy** research has allowed the development of a more conscious, advanced nutrition, through the use of functional ingredients. Beyond their nutritional properties, they have demonstrated the ability to carry out specific functions that can impact positively on animal well-being.

The continuous research into innovative raw ingredients is driven by our experience and passion. This has allowed animal nutrition to improve by using ingredients belonging to the “superfood” category. Superfoods are nutrient-rich ingredients that support the physiological well-being of the animal.

In full respect of its nutritional philosophy, Monge BWild is formulated without artificial dyes and preservatives. Conservation is guaranteed by the use of tocopherol extracts from vegetable oils. Tocopherol extracts are technological additives of natural origin with antioxidant function to protect the food from external agents.

A complete and differentiated nutritional program for size, age and physiological condition, to guarantee each animal a dedicated balanced diet.

MADE IN ITALY

Superfood and different fruit and vegetable mixes

BWILD “Feed the instinct”

is the innovative line designed by Monge to feed cats according to their natural instinct. Ingredients of animal origin have been combined with functional ingredients, superfood and different fruit and vegetable mixes, selected for their nutritional properties and to support the physiological functions of the animal.

FUNCTIONAL INGREDIENTS

XILO-OLIGOSACCHARIDE:

Next-generation prebiotic plant fibers which support intestinal well-being and favour a positive selection of intestinal microbial flora.

MANNAN-OLIGOSACCHARIDES:

Plant fibers with high hydro-solubility to regularize the intestinal tract and maintain an ideal body weight.

SPIRULINA:

Micro-algae (*arthrospira platensis*) with antioxidant function to neutralize free radicals. Source of essential amino acids and vitamins to support vitality.

LOW GRAIN

BWild
FEED THE INSTINCT

LINSEED

Plant seeds with high content of omega-3 fatty acids for a soft shiny coat.

SALMON OIL

Precious animal oil rich in omega-3 fatty acids to support hair and skin integrity.

BLACKBERRIES

Forest fruits particularly rich in antioxidants, such as anthocyanins, to neutralize free radicals.

CRANBERRIES

Forest fruit particularly rich in arbutin, a component that stimulates the physiological production of urine.

LENTILS

Legume with high environmental sustainability, rich in high quality proteins and minerals, such as iron and zinc, to support metabolic functions.

OATS

Ancient wholegrain cereal, rich in insoluble fibers to provide energy by limiting glycemic peaks.

VEGETABLE MIXES (DRY)

Tapioca, yellow peas, carrots and tomatoes.

VEGETABLE MIXES (WET)

Tomatoes, green beans and carrots.

FRUIT MIXES

Apple, raspberries, cranberries, blackberries and pineapple.

YUCCA SCHIDIGERA:

Precious tuber native to America. Characterized by a natural content of saponins, which are able to bind ammonia and limit unpleasant odours.

GLUCOSAMINE:

Essential component of joints supports the integrity of the cartilage. Cartilage is the lining tissue that protects the joint ends of the bones.

CHONDROITIN SULPHATE:

Fundamental component of cartilage tissue for the support of joint elasticity. Promotes resistance to pressure and stress.

LARGE BREED ALL LIFE STAGE

BUFFALO

with potatoes and lentils

MONGE NATURAL SUPERPREMIUM GRAIN FREE FORMULA BUFFALO WITH POTATOES AND LENTILS COMPLETE PET FOOD FOR KITTENS AND ADULT CATS

COMPOSITION: buffalo meat (dried 38%, fresh 15%), potatoes (15%), animal fat (13%) (chicken oil purified 99.5%), lentils (8%), potato protein, fish oil (salmon oil purified at 99.5%), hydrolysed animal proteins, dried beet pulp, brewers' yeast inactivated, minerals, mannan-oligosaccharides (MOS 1%), xylo-oligosaccharide (XOS 0.3%), yucca schidigera (0.1%), spirulina (0.1%), glucosamine (0.057%), chondroitin sulphate (0.04%).

ANALYTICAL CONSTITUENTS: crude protein 31%, crude fibre 2%, crude fat 20%, crude ash 8%, calcium 1%, phosphorus 0.6%, n-3 fatty acids 0.8%, n-6 fatty acids 3.85%, taurine: 0.3%. **ADDITIVES:** NUTRITIONAL ADDITIVES/kg: Vitamin A (retinyl acetate): 20,000 IU, Vitamin D3: 1,400 IU, Vitamin E (all-rac-alpha-tocopheryl acetate 3a700i): 60 mg, selenium (sodium selenite 0.18 mg): 0.08 mg, manganese (manganous sulphate monohydrate 26 mg): 8.5 mg, zinc (zinc oxide 122 mg): 98 mg, copper (Copper (II) sulphate pentahydrate 10.5 mg): 2.6 mg, iron (iron (II) sulphate monohydrate 87.5 mg): 28.8 mg, iodine (calcium iodate anhydrous 1.4 mg): 0.9 mg, DL-methionine technically pure: 1,000 mg, taurine: 3,000 mg, L-carnitine: 1,000 mg. **TECHNOLOGICAL ADDITIVES:** Tocopherol extracts from vegetable oils. **INSTRUCTIONS FOR USE:** Recommended daily feeding intakes (see table) may be split into 2 daily meals. Individual nutritional requirements may vary due to size, age and living conditions of the animal. Fresh and clean water should be available at all times. When this product replaces another type of feed and/or diet it is recommended to introduce it gradually over a period of at least 1 week. Cat food only, not suitable for human consumption.
